

Ventilation Systems

Keep your home cool and dry,
all year round.

SOLATUBE
Ventilation Systems

Roof Ventilation

The Australian climate is variable – Summers have extended periods of high temperatures, and in some areas we see prolonged periods of continual wet weather. From these conditions it puts pressure on the home to cope with hot and damp extremes. The answer is to drive heat and moisture out of your home throughout the year, Solatube Solar star provides a cost effective solution.

Drive out heat and moisture

More airflow

Advanced solar panel technology generates maximum power through a large 320 diameter fan.

Tailored roof tile

Seamless one piece flashing guarantees a leak-proof and durable product. Customised to your roof.

High-performing

High-performance motor is reliable, long lasting and whisper quiet. Installed in under 1 hour by a Solatube Certified Installation consultant.

Best warranty

5 Year. Brush-less motor (so it won't wear out). No Parts excluded.

V-Aero 250

Room Ventilation

Solatube has a range of room ventilation options, double cap thermostat motor ventilation, single cap stat ventilation and accessories.

Double Cap Motor Ventilation

- Operates without the need for wind
- System automatically turns on when needed
- Rating 820 M3/hr
- Warranty: 2 year motor, 7 year flashing and vent cap

Single Cap Stat Ventilation:

- Operates without the need for wind
- Warranty: 7 year flashing and vent cap
- Operates on thermo convection allowing hot air to escape from roof cavity

Single Cap Motor Ventilation

- Operates without the need for wind
- Rating 520 M3/hr
- Warranty: 2 year motor, 7 year flashing and vent cap

Accessories

- Enviromax – Thermostat control switch
- The easiest way to control the temperature limit for your motorised roof vents to activate. The system automatically turns on and off.

Why room ventilation is important

- ✓ Reduces heat built up
- ✓ Protects insulation from moisture saturation
- ✓ Fights mould and fungal decay
- ✓ Reduces heating costs
- ✓ Reduces air conditioning costs
- ✓ Reduced moisture helps to control allergens and asthma causing dust mites
- ✓ Removes steam and vapour from wet areas
- ✓ Recommended for rooms where security prevents the use of windows
- ✓ Helps to eliminate bathroom and kitchen odours that can linger in the home
- ✓ Quiet Operation
- ✓ Unique, non metal construction

Whole House Fan

Comfort throughout your whole home for every season

- Cools your home efficiently in minutes during hot summer months
- Improves air quality removing odours all year round
- Extracts stale air in winter months
- Creates a healthier home
- Helps reduce air conditioning costs

Refresh your home this summer.

Do you want your home to have continuous fresh air recirculating around the whole house this summer? Look no further.

Solatube Whole House fan pulls cool, fresh outdoor air into living spaces through the windows, and pushes hot stale indoor air through your roof cavity and out the vents. It doesn't recirculate air (as with air-conditioning) it provides natural fresh air throughout the home.

Fresh solutions for your home.

With four models that can be used alone or combined for any size house or number of zones you want to cool within it, Solatube has the Whole House Fans to get the job done.

		Model	1500	3000	4500	6000
Home Size	Up to 95m ²					
	95m ² - 190m ²					
	190m ² - 280m ²					
	Over 280m ²
